

Shockwave Therapy Payment Options

We offer flexible payment plans for our shockwave therapy sessions, designed to suit your needs and budget. Please note that these packages are exclusively for shockwave visits and do not include chiropractic adjustments.

1. Pay-As-You-Go

- **Cost:** \$135 per full unit session.
- **Details:** Pay for each session as you schedule it. Each session includes a full unit of 4,000 pulses. Half units (2k pulses) are available.
- **Benefit:** Ideal for those who prefer not to commit to multiple sessions upfront.

2. Pay Up Front

- **Cost:** Choose from various package options to save on multiple visits by paying upfront. Packages vary; 8 sessions for \$1,000
- **Details:** Save money by purchasing a package of visits in advance. Select a package that aligns with your treatment plan and budget.
- **Benefit:** Enjoy a reduced rate per session by committing to a series of treatments. This option provides significant savings compared to paying per session.

3. Monthly Billing

- **Cost:** \$140 per month
- **Details:** Opt for a set number of sessions, with the total cost spread out over several months. You decide the number of sessions you need, and the total cost is divided into equal monthly payments.
- **Example:** If you choose 8 sessions, you would pay \$140 each month for 8 months.
- **Benefit:** Manage your budget more effectively with predictable monthly payments. This plan allows for regular, ongoing shockwave therapy without the hassle of paying at each visit.
-

Important Notes:

- **Monthly Billing Clarification:** You are billed once a month at \$140, which covers one shockwave therapy session. This plan is designed to make regular treatment more financially manageable, allowing you to maintain consistent care.
- **Exclusivity:** These packages are specifically for shockwave therapy sessions and are not interchangeable with chiropractic adjustments or other services.

By offering these options, we aim to provide flexibility and affordability, ensuring you can continue benefiting from shockwave therapy without financial stress. Please feel free to reach out if you have any questions or need further clarification on these options.
